

Dear potential partner,

Universal Jet is a worldwide leader in private aviation with the ability to provide a private jet to go anywhere in the world in as little as a two hour notice from any location. Universal Jet Aviation is "ARG/US Platinum" safety rated, which is the highest safety rating available in private aviation. We are available 24/7 for trip requests and to answer any of your questions. As part of our partnership we are introducing a referral program that is intended to benefit your guest, your organization and yourselves. Every time you refer a guest, a client or even an acquaintance that books a charter flight from Universal Jet, we will provide, to your address of choice, a check as a referral fee as shown in the following schedule:

- USD \$250 US to US/Canada/Mexico/Caribbean flights
- USD \$500 US to South America flights
- USD \$1000 US to Europe/Asia/Africa flights

In addition to the above schedule an additional USD \$100-300, depending on distance of flight will go directly to you. Or for every booked flight directly supporting upcoming events that you will have.

Once a client asks for a private jet charter flight from you, please ask a few basic questions from them that we will need to book their charter:

- Date and Time of Departure
- Departure and Arrival City
- Number of Passengers
- Preference of Aircraft
- Any Catering Needs
- Any Ground Transportation Needs

Please provide the flight menu to show the wide options of aircraft that we can provide the customer and estimated hourly prices, if they are unfamiliar with private aviation aircraft.

Please call-in the order to (312) 450-9015 (24 hours a day/7 days a week) or if it is not an immediate flight request you may e-mail in the request to mike.corrado@ujet.com.

If you have any questions or need additional material you can always e-mail us at the above address.

We are looking forward to be part of many of your exciting events and excited to support your cause!

Sincerely,

UNIVERSAL JET BULLETS

PRICING

- **We have no long term contracts, no commitments, and no upfront costs**
